

Ph. D., D.M.D.
DR. ELISA FACCO

Dr Elisa Facco has excelled in the field of cosmetic dentistry, oral surgery and facial aesthetics.

After **graduating with honors in Medicine and Odontology** in November 2004 at Padua University, she trained in some of **the most prestigious dental schools and clinics in Europe**, including Saint Raphael Hospital in Milan and University Descartes of Paris.

She has worked as a general dentist with a special interest in cosmetic dentistry and oral surgery in her family private practice in Cittadella and Castelfranco, in the north of Italy, and then she worked for a private practice in Venice.

She has many **post graduate diplomas** in Oral Surgery and Implantology , in Periodontology and Periodontal Surgery and bone reconstruction, in Gnatology and Posturology at Saint Raphael Hospital in Milan, in Aesthetic Medicine (Cosmetology) and Aesthetic Surgery at the European School of Aesthetic Medicine in Milan, in Anatomical dissection for Oral Surgery at University Descartes of Paris, in Endodontics and Conserative Dentistry and Pediatric dentistry and in Aesthetic Prosthesis.

She continues her **postgraduate education** in several countries with world leaders in several fields of dentistry and dental technology.

Her areas of **special clinical interest** include multidisciplinary cases that require detailed planning and coordination of several specialist branches of dentistry.

Dr Facco is proficient in facial aesthetic (botox, fillers, mesotherapy, medical chemical peels, medical dermapen, biorivitalization, PRGF technique, medical reabsorb biosuture for non invasive facial lifting).

She speaks English , French and, clearly, Italian. She is passionately devoted to her job, and especially she loves oral surgery and aesthetic sides of this noble profession.
